BURNETTS FLOWERLAND NURSERY

ROUTE 4 BOX 32

SALEM, OREGON

TERMS OF SALE

PLEASE READ CAREFULLY BEFORE ORDERING.

NO MAIL ORDERS FOR LESS THAN \$3.00 PLEASE.
(This cancels all previous prices and catalogs)

Cash must accompany all mail orders plus 16% for postage and 25¢ for packing. All orders East of Pacific Coast States should be Airmail to assure fresh plants--80¢ per dozen plants. Not responsible for damage in transit or failure beyond my control.

PLANTS AVAILABLE APRIL 15 to JUNE 15, please state approximate date you wish your order shipped. We exercise greatest care to keep plants true to name, and will correct mistakes upon proper proof.

PLEASE ORDER EARLY WHILE STOCKS ARE COMPLETE.
Orders are filled in order received.
Please name substitutes in case of shortage or state whether you wish a refund.
Prices are for well rooted cuttings which should give a good showing this Fall if grown properly.

NOTICE TO LOCAL CUSTOMERS:

We are discontinuing our Retail Nursery on Route 4, however plants may be picked up here by appointment only. We are opening a new Retail Nursery in town at 3107 South Commercial (formerly Fish's) and I will have to work at both locations. We will carry a complete selection of all nursery stock as well as our regular high quality plants. Mums may be purchased there, but if you wish specific varieties it would be best to order in advance.

THANK YOU SO MUCH FOR PAST PATRONAGE,
Virginia Burnett

WATCH FOR OUR INTRODUCTIONS IN 1964

EARLY ENGLISH-----	10 for	4.00
EXHIBITIONS & SPIDERS -----	10 for	3.50

PLEASE ORDER EARLY WHILE STOCKS ARE COMPLETE

NOTES

CHRYSANTHEMUM CULTURE

Chrysanthemums are one of the most versatile plants you can grow. There are all types of plants and flowers, from the tiny low growing buttons to the giant incurves and spiders for show. Cushions and dwarfs are invaluable for a splash of color in borders or around low modern homes. Hardy Garden varieties grow somewhat taller as do most pcms and spoons.

Mums are outstanding in arrangements and will keep for two weeks when cut.

Plant young plants in the full sun away from buildings, trees and large shrubs which will rob the soil. Mums will grow in any good garden soil that will grow good vegetables, if your soil is poor add organic matter before planting. Plant 18 to 24 inches apart, and when 6 inches tall pinch the growing tip cut, and pinch subsequent growth when it reaches 6" this will produce a compact bushy plant with a larger number of flowers. Do not pinch after July 15 as you will get the flowers buds. Do not pinch exhibitions and Early English types this heavily. Spray with a good combination spray or dust to control insects and disease. Fertilizing may be done at any time before buds form.

WHY NOT GROW SOME TO ENTER IN LOCAL SHOWS?????

JOIN THE NATIONAL CHRYSANTHEMUM SOCIETY

A Society organized by and for the Amateur Grower. You receive a Beginners Handbook, Bulletins and Membership Roster. Please send name and address with check for \$4.00 to N.C.S., Care of Miss Dorothy Tuthill, Secretary, 345 Milton Road Rye, New York.....
